

Enhanced Care Management (ECM) Populations of Focus: Enrollment Data by County and Managed Care Plan

January 2025

Arun Dixit
California Health Policy Strategies, LLC

Summary

This report features Enhanced Care Management (ECM) enrollment data, stratified by county and managed care plan, for populations of focus including:

- **Adult Individuals Experiencing Homelessness**
- **Adult Individuals At Risk of Avoidable Hospital Usage**
- **Adult Individuals Living in the Community and At Risk of Long-Term Institutionalization**
- **Adult Individuals with Serious Mental Health or SUD Needs.**

The data spans calendar year 2023 and the first half of 2024 by quarter. The objective behind this report is to identify trends in ECM enrollment and coverage among individuals from these populations of focus across California managed care plans and counties.

Methodology

This report's ECM enrollment data is sourced from publicly available information on the California Department of Health Care Services (DHCS) website as of December 2024. The latest figures from Medi-Cal managed care plans are from calendar year 2023 and the first half of 2024 but may have changed in the past 7 months. You can access the data [here](#).

This report provides data from the following four populations of focus.

Population of Focus	Launch Date (MM/YR)
Adult Individuals Experiencing Homelessness	01/22
Adult Individuals At Risk of Avoidable Hospital Usage	01/22
Adult Individuals Living in the Community and At Risk of Long-Term Institutionalization	01/23
Adult Individuals with Serious Mental Health or SUD Needs	01/22

The ECM enrollment data for the following populations of focus will be featured on a statewide level, though not by county and managed care plan. This is because the data for these populations is either marginal or still developing.

Population of Focus	Launch Date (MM/YR)
Adult Individuals Transitioning from Incarceration	01/22
Adult Nursing Facility Residents Transitioning to the Community	01/23
Children and Youth Involved in Child Welfare	07/23
Children and Youth Transitioning from Incarceration	07/23
Children and Youth with Serious Mental Health or SUD Needs	07/23
Children and Youth at Risk of Avoidable Hospital Usage	07/23
Children and Youth Experiencing Homelessness	01/22
Children and Youth Enrolled in California's Children's Services	07/23

What is Enhanced Care Management (ECM)?

[Enhanced Care Management \(ECM\)](#) is a statewide program intended to strengthen Medi-Cal protections by providing person-centered and community-based care management for individuals from various vulnerable, high-risk populations of focus. ECM is the highest care management tier of the Medi-Cal MCP Population Health continuum.

ECM enrollees are assigned a Lead Care Manager, who will meet them wherever they are based: a street, shelter, in their provider's office, or at home. ECM is offered by community-based providers who have the experience to address the needs of Medi-Cal members.

ECM services include the following:

- Coordinating care based on individual needs
- Helping individuals understand and manage their medication
- Helping an individual plan visits with their doctor
- Working with individuals and their families to improve health outcomes.
